Dear My Awesomest Subscriber,

Happy Summer to you!

No doubt you are reading this communiqué from some exotic locale, surrounded by umbrella drinks, hammocks and attractive locals begging for your autograph.

Or maybe you are working undercover in a gray, windowless cubicle of some large corporation, knowing that you *could* be in some exotic locale, but instead have decided to see how the rest of us live as well as help us solve our day-to-day businessy-type problems.

Both choices have their merits.

Thank you either way. You are outstanding.

It might be hard to imagine but if on the off chance you find yourself bored with whatever rewards your beach/cubicle is providing, here are some new events and updates to the Austin Events wall calendar I hope you bought. Because I am still trying to pay off this windowless cubicle.

Have a great July and August!
Mike

YES I'M STILL PLUGGING THE COMMERCIAL OVER A YEAR LATER!

We've (still) got a video on the website of me showing people how a calendar works. I paid a lot for this, so expect to see it for eternity! [Check it on out the sample page](#). (To make it bigger, click on the little YouTube icon in the bottom right.)

Thanks to [Moth to Flame](#), who I worked with on this project.
