Updates for Awesome People Like You!

Dear My Favorite Subscriber,

You continue to be the greatest.

We had some fantastic weather in April, and everyone in Austin has you to thank for it.

I'm not sure how you did it, but thanks.

Maybe even you don't know how you did it. (Though that's unlikely since you're always so knowledgeable on everything and presumably have a pretty extensive understanding of how you've been doing things.)

At any rate... Here we are again, me with my newsletter and you with your awesomeness.

How has your spring been so far? Done anything fun that I should know about?

I don't ask rhetorically... If you have ideas on things we might include in the Austin Events 2019 calendar, just reply to this email and let me know!

As we get into May and June, I'd like to make a request that you maybe keep the outdoor temperature where it is if you can (ha, of course you can) and maybe give enough rain that we could lift the burn ban and I can camp with a fire. That would be great.

However, based on history, I'm thinking cool summers really aren't your thing since you seem to have made them a little on the hot side.

That's OK. I will enjoy the spring while it lasts.

Here are your updates for May and June!

You are the best!
Mike
