

For events to start happening.

For all the special things to start happening again.

For a bigger and better year called 2021.

Your attentive mind already knows what I'm going to say. But I'm going to say it anyway just in case by some freak accident of internet tubes this email accidentally goes to somebody else who is not as smart as you. You know, everybody else.

The [Austin Events 2021 and Things To Do wall calendar](#) is now in [stores](#) and on [Amazon!](#) (Cue trumpets).

As always - it has all the best event dates.

And you will be ready when they happen.

But of course, you knew that.

It also has loads of socially-distanced things you can do while you are waiting for the events to happen.

I spent the summer reworking the calendar *just for you*.

Because you are my favorite subscriber.

So that no matter what happens you will still have fun in 2021.

Thank you for being so awesome.

You are the best!
