### Dear My Favorite Subscriber,

When you opened this email, did you get a big whiff of pumpkin spice?

If so, then I'm happy to say that it was all worth it!

If not, then I've apparently poured a bottle of pumpkin spice into my laptop's keyboard for no good reason.

Again.

Well, that's not actually true. It was for a good reason - you, my favorite subscriber. You are always a good reason.

It's just that my idea didn't work.

You, being an expert on pumpkin spice (and everything else), almost certainly knew it wouldn't work.

Or perhaps you know the correct way to pour it in.

At any rate, I hope that you in your infinite creative capacity can imagine reading these words to the scent of the season.

Speaking of seasons. It's calendar season!

You may have seen the new Austin Events 2022 Wall Calendar pop up in your favorite local store. Keep your eyes open for them as well as the official announcement still to come!

For now, here's your Austin Events 2021 Wall Calendar updates for November and December!

Thank you for the support of my local business.
